WINTER 2018 BUILDING SOLUTIONS

New Toyota Events Center

ARC Construction recently completed work at the Toyota Events Center, located on the Gibson 4-H Fairgrounds in Princeton, Indiana. This events center stands alone as the premier location for all large and upscale events in the Princeton area.

The new 18,000-square-foot facility has a capacity of 700 people and includes new offices for the Gibson County Agricultural and Horticultural Society, a serving kitchen and bar, three restrooms, a storage space, and a canopy. The Events Center project also included a new 25,000-square-foot parking lot to accommodate the additional parking required for the building.

Heritage Federal Credit Union

ARC Construction completely renovated the existing Heritage Federal Credit Union in Boonville, Indiana. This project included a complete interior renovation of the existing bank, as well as the addition of a new three-lane drive-thru with ITM assistance. The other phases completed include newly-relocated inside teller desks as well as new offices, restrooms and a break room. This project took place over a number of phases, all completed by ARC Construction and allowed HFCU to stay open during the entirety of the project.

EVCBA Sheriff's Operations Center

ARC has been working at the new Vanderburgh County Sheriff's Operations Center in Evansville, Indiana. This new 10,000-square-foot facility will replace the current Sheriff's Command Post. The building will provide the sheriff's office with a new expanded laboratory, three interview rooms, temporary holding areas, and locker rooms for the staff. The facility also includes ten offices, multiple storage areas, an office bullpen and two conference rooms.

Ron Treece Retires

Everyone at ARC Construction would like to congratulate Ron Treece on his retirement after 27

years at ARC. Ron will be greatly missed as he retires to his home in Mt. Carmel, Illinois.

Ron joined the ARC team in 1990 and brought with him more than 15 years of construction experience. He was an outstanding member of our team who knew anything and everything when it came

to construction. He was an incredible asset to our company and an even better person to know. We wish Ron and his family all the best with his retirement.

ARC Goes To The Ballpark

The ARC Construction family enjoyed an awesome day at historic Bosse Field on June 14th, 2017. We had an amazing turnout and greatly appreciate all the friends and family of ARC Construction for stopping by to cheer on the Evansville Otters!
